

Application Instructions

1. Start with a clean, dry, dust-free surface.

Recommended surfaces:

- Smooth, dry, clean, dust-free, non-textured primed, painted, drywall or sheetrock

If in doubt, try it on an inconspicuous spot.

May not be suitable for:

- Recently painted walls. Newly painted walls need to cure for at least 30 days
- Composite board, veneer, laminate or paper surfaces
- Textured walls, on top of textured wallpaper
- Unpainted brick, cement or cinder block
- Outdoor surfaces
- Any porous, uneven or rough surface

2. Pick an area along the edge of a sticker where you can begin to CAREFULLY peel it from the backing paper.

3. Be careful not to pull too quickly as the sticker can tear.

4. Place each sticker on the desired surface and rub down to remove any air bubbles

4. Stickers can be removed and repositioned if back remains lint and dust-free. Take care in doing this so that the sticker does not curl up or stick to itself

Stickers can be wiped clean with a damp cloth. Do not use cleaning products of any kind

Limitless possibilities. Have Fun. Be Creative. Release your inner decorator!

We cannot guarantee stickers will adhere to all surfaces. Lot 26 Studio, Inc. is not responsible for any damages resulting from the use of, or inability to use this product.
